

## Quick Start

**Bardahl Quick Start** ensures the immediate start-up of petrol and diesel engines. It protects the motor and the battery.

**Bardahl Quick Start** also prevents ice formation in the carburetor. This product is indispensable for trucks, buses, chainsaws, and road construction machines.

### Manual

---

Spray the product into the carburetor or the air filter inlet using the nozzle with the extended tube. Spray for a few seconds and then start the engine.

The spray can is filled with a propellant that is harmless to the environment.
